

at the top of the envelope in the outer layer (on top of the powdered magnesium). When the touch explosive is torn or even squeezed hard it will ignite the powdered magnesium (sort of a flash light) and then it will burn the mild thermite. If the thermite didn't blow up, it would at least burn the fuck out of your enemy (it does wonders on human flesh!).

### **13. Paint Bombs by The Jolly Roger**

To make a pain bomb you simply need a metal pain can with a refastenable lid, a nice bright color paint (green, pink, purple, or some gross color is perfect!), and a quantity of dry ice. Place the paint in the can and then drop the dry ice in. Quickly place the top on and then run like hell! With some testing you can time this to a science. It depends on the ratio of dry ice to paint to the size of the can to how full it is. If you are really pissed off at someone, you could place it on their doorstep, knock on the door, and then run!! Paint will fly all over the place!!

### **14. Ways to send a car to Hell by The Jolly Roger**

There are 1001 ways to destroy a car but I am going to cover only the ones that are the most fun (for you), the most destructive (for them), and the hardest to trace (for the cops).

- Place thermite on the hood, light it, and watch it burn all the way through the pavement!
- Tape a CO<sub>2</sub> bomb to the hood, axle, gas tank, wheel, muffler, etc.
- Put a tampon, dirt, sugar (this one is good!), a ping pong ball, or just about anything that will dissolve in the gas tank.
- Put potatoes, rocks, bananas, or anything that will fit, into the tailpipe. Use a broom handle to stuff 'em up into the tailpipe.
- Put a long rag into the gas tank and light it...
- Steal a key, copy it, replace it, and then steal the stereo.
- Break into the car. Cut a thin metal ruler into a shape like this:

Slide it into the outside window and keep pulling it back up until you catch the lock cable which should unlock the door. This device is also called a SLIM JIM. Now get the stereo, equalizer, radar detector, etc. Now destroy the inside. (A sharp knife does wonders on the seats!)

### **15. Do you hate school? by The Jolly Roger**

- One of my favorites for getting out of a class or two is to call in a bomb threat. Tell 'em that it is in a locker. Then they have to check them all, whilst you can slip away for an hour or two. You can even place a fake bomb (in any locker but YOURS!). They might cancel school for a week while they investigate (of course, you will probably have to make it up in the summer).
- Get some pure potassium or pure sodium, put it in a capsule, and flush it down the toilet (smells awful! Stinks up the whole school!).
- Use a smoke grenade in the hallway.
- Steal the computer passwords & keys. Or steal the 80 column cards inside if they are (gag) IBM.
- Make friends with student assistants and have them change your grades when the teachers hand in their bubble sheets for the report cards.
- Spit your gum out on the carpet in the library or whatever and grind it into the carpet. Watch the janitors cry!
- Draw on lockers or spraypaint on the building that the principal is a fascist.
- Stick a potato in the tailpipe of the principal's car.
- USE YOUR IMAGINATION!
